1st Quarter Vol. II

## Better Use of God's Resources

My missionary colleague, Kris Vanderbusch has been pioneering the use of video in the campus strategy. One on-going project is creating training videos to equip students on campuses with no missionaries to launch new movements and share their faith on campus. This training was not that accessible before and these videos have had a huge impact. They have been used across the world the past four years and have helped train students and missionaries starting new movements on 3900 campuses. He's been working mainly by himself with limited resources.

The mission's national leadership team met recently and has proposed that Kris and I work together and pool resources to better serve the mission's video production needs. Working together would accelerate the amount of resources we could cre-

Kris and Vanessa Vanderbusch

ate, changing lives for God's kingdom, not only in Australia, but across the world.

This means that Mary, Catherine, and I will be re-locating to Brisbane, Queensland, 1700 kilometers or 1056 miles north of Melbourne. We're planning the move towards the beginning of May. Moving costs will come out of the ministry account, so any extra gifts beyond your regular giving would be welcome.

Visual communication has become the preferred mode of receiving information for most people, especially the younger generations at universities and schools. It is critical to utilize videos to engage with our digitally inclined world, helping the Gospel go forward along with reporting and celebrating the great things God is doing. Our move to Brisbane will help to ensure Power to Change has a strong voice in this popular media.

## Prayer Points

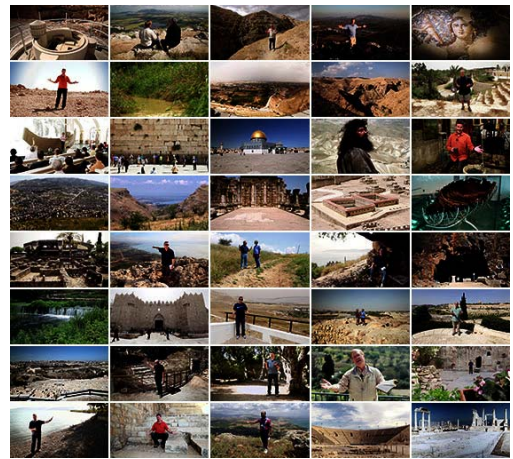

We started home schooling Catherine this year. It is going well. Thank you for your prayers.

- Please keep our upcoming move in your prayers.
- Pray for us as we say good-bye to friends, family and church family after 13 years living in Melbourne
- Pray for us as we take on the large task of packing,, throwing away, and giving away our belongings.

**Movement Building Insights from the Life of Christ** is a 41 part video series shot on location in Israel. It features 4 hours of teaching from international Christian leaders who are part of the Global Youth Initiative (GYI) alliance of which Power to Change is a founding member.

Our emphasis in these videos is on the methodology Jesus used to launch a movement that would take the gospel message around the world. While Jesus is fully God, He became fully man. This series explores how Jesus made leadership decisions in the culture, geography, and political context that existed in the gospels. We pray that this free video series will help you gain new insights into how to live like Jesus.
