4th Quarter 2016 Vol. 2

## Summer Projects

"Sharing my faith at Schoolies makes me want to share my faith on campus" These were the words spoken by a first year student who'd just come back from her second night of evangelism at Gold Coast Schoolies last year. She'd had the privilege of being used by God to lead two Schoolies to Christ that night and she was excited! She had seen God use her in a way she'd never experienced before and wanted to see that happen more in her life. And that's our aim in Summer Projects, to see students like this have an opportunity to be used by God in ministry and to propel them in to further ministry on their campuses and beyond.

In 2016, we have almost 200 students accepted for the various Projects we are running, with applications still open for two early-2017 Projects. Our locations and styles of Project are more diverse than we've had for many years, with Projects reaching School leavers in QLD and VIC, beach ministry on the Northern Beaches and Central Coast of NSW, a Medical Mission to the Philippines in partnership with GAIN, a Social Media Project in Power to Change HQ, an international student focused mission in Brisbane and a launch team partnering with Tandem NZ to help propel the growing campus ministry in Perth. As we continue to grow as a movement, we want to keep looking for new opportunities, locations and styles of Project to help our students be propelled into future ministry, and that we'd have more students saying that it makes them want to share their faith on campus.

I'll be participating with the Social Media Project at Power to Change's HQ in Melbourne. I'll transport the mission's video recording equipment next week which means a 1,695 kilometre drive (1,053 miles) one way. Please refer to the "USA Gifts" or "Australia Gifts" sections on the next page to contribute one time gifts to cover the cost of the trip.

## GOD'S PROVISION

A dentist in Melbourne a few years ago told us that nothing could be done for Catherine's teeth until all of her baby teeth were gone. Catherine will be 15 this month and still has four baby teeth and her second adult front tooth has just started to come in a few months ago.

We decided to have her checked again by a dentist that goes to our church we now attend here in Brisbane. The dentist ordered some x-rays. Come to find out there is an extra tooth sideways on the top preventing the adult teeth from coming down. Those adult teeth, besides being blocked are at extreme angles pushing into the roots of the adjacent teeth. On the bottom there is a baby tooth without an adult tooth underneath. There is 100% overbite to the extent that the bottom teeth are hitting the gums behind the upper teeth and there is a lot of crowding happening on the bottom.

The dentist recommended that we see an orthodontist right away. He ordered some more scans and has already used Catherine's extreme case in lectures he's given. The cost for the treatment was going to be just under my year's salary.

A few years back, a ministry partner in Melbourne noticed how bad Catherine's teeth were and offered to help out when the time came to have them fixed. Mary remembered him saying that, so we contacted him and told him the findings.

Without hesitation, our ministry partner offered to cover the cost of the treatment. Praise God with us for His provision!

Eventually, Catherine will need two surgeries at additional costs. We have started the process of getting her on the public health service list which would greatly reduce the surgery costs. Thank you for your prayers toward that end.

In His Service,

*Mark + Mary*

**And we have seen and do testify that the Father sent the Son to be the Savior of the world. | John 4:14**
